

RoHS Compliance Declaration 2022

Cristal Laser is committed to managing the use of chemical substances in accordance with governmental regulations, industry standards, and customer-specific requirements in order to protect the environment.

Cristal Laser declares that all its products are in compliance with the directives: 2002/95/EC (restriction hazardous materials) and 2011/65/EU ROHS 2, although some products are not subjected to the European CE legislation. All components are even in accordance with the new directive 2015/863, known as ROHS 3.

Cristal Laser cannot guarantee that inventory held by distributors or other third parties is RoHS compliant.
